The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. The applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, R.S.O. 1990, Chapter T.22, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7 (4) of the Truck Transportation Act, R.S.O. 1990, Chapter T.22.

**NOTE:** A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10 (1) of the Truck Transportation Act, R.S.O. 1990, Chapter T.22, and that the request is not frivolously made.

### THE CORPORATION OF THE TOWN OF NEWMARKET

NOTICE IS HEREBY GIVEN that, on behalf of the Corporation of the Town of Newmarket, application will be made to the Legislative Assembly of the Province of Ontario for an Act respecting the dumping of fill in the Town of Newmarket.

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Town that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Town will be subject to delay and expense if it is required to prepare an environmental assessment for the interim undertaking.
- B. The current users of the Site who are located in the Town will be without a municipal waste disposal facility as of May, 1993.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The continued operation of the existing landfill is clearly an interim measure for which there are no other reasonable waste management alternatives which can be implemented within the necessary time frame.
- B. Alternatives have been investigated.
- C. A public hearing under Part V of the *Environmental Protection Act* for the approval of the continued operation will be held.
- D. It is the intention of the Town that the proposed long-term waste management program of the County of Bruce be pursued in accordance with applicable legislation and the Town understands that sufficient elements of the program will be implemented prior to the conclusion of the except undertaking so that the Town will not have to seek further approvals for waste disposal sites.

This exemption is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.
2. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.
3. No waste shall be deposited at the Valentine Avenue Landfill Site pursuant to this order after the earlier of,
  - i. five years after a Provisional Certificate of Approval for the waste disposal site has been issued pursuant to this order, and
  - ii. the commencement of operations of a waste disposal site pursuant to the Bruce County Waste Management Master Plan Systems Study,

unless an application for an approval under the *Environmental Assessment Act* for an undertaking under the Bruce County Waste Management Master Plan Systems Study which includes a waste disposal site, at which waste from the Town may be disposed, has been submitted to the Minister under the Act, in which case, no waste shall be disposed of by the Town pursuant to this order more than one year after a decision is made under the Act to approve or not approve the undertaking.

4. The Town shall pursue expeditiously the issuance of all necessary approvals for the implementation of a long term waste management program in accordance with applicable legislation within the interim period specified in condition 3.
5. The Town shall file an annual report with the Owen Sound District Office of the Ministry of Environment and Energy, on operations, including leachate collection and disposal, capital works and surface and groundwater monitoring at the Site. A copy of this report will be submitted to the Director, Environmental Assessment Branch, Ministry of Environment and Energy, for filing with the public record under section 30 of the Act. Copies of each report shall be delivered to the Director, Approvals Branch, and the Regional Director of the South-western Region.
6. In preparing material and carrying out studies for the application under Part V of the *Environmental Protection Act*, the Town shall consult with any public authorities and groups who express an interest therein and provide them with copies of all relevant material.
7. In the event the Site is acquired by another municipality, the acquiring municipality shall carry out the responsibilities of the Town under this order. O. Reg. 299/93.

manner to section 6 of the Truck Transportation Act, R.S.O. 1990, Chapter T.22, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7 (4) of the Truck Transportation Act, R.S.O. 1990, Chapter T.22.

**NOTE:** A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10 (1) of the Truck Transportation Act, R.S.O. 1990, Chapter T.22, and that the request is not frivolously made.

**INTRA-PROVINCIAL TRUCK APPLICATIONS:**

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. The applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, R.S.O. 1990, Chapter T.22, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7 (4) of the Truck Transportation Act, R.S.O. 1990, Chapter T.22.

**NOTE:** A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating

authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10 (1) of the Truck Transportation Act, R.S.O. 1990, Chapter T.22, and that the request is not frivolously made.

Proponents: The Corporation of the City of Guelph  
The Corporation of the City of Sault Ste. Marie  
The Municipality of Metropolitan Toronto  
The Regional Municipality of Durham  
The Regional Municipality of Niagara  
The County of Lanark

EA File No.: MU-0013

On April 9, 1987, Cabinet issued an approval relating to this Class Environmental Assessment pursuant to Order-In-Council No. 837/87.

Conditions 6 (b) and 8 of the approval of this undertaking as amended by the Notice of Approval published in the Ontario Gazette on May 2, 1987, provides:

6. This approval shall terminate on the earlier of:
  - (a) the date on which any new approval is issued for the undertaking under the *Environmental Assessment Act* and,
  - (b) subject to condition 8, the fifth anniversary of this approval.
8. For the purposes of condition 6 (b), the Minister of the Environment may from time to time specify a later date by notice in the Ontario Gazette.

In April 1991, the Municipal Engineers Association, on behalf of the proponents and pursuant to the approval dated April 9, 1987, submitted

amendments to the Class Environmental Assessment for Municipal Road Projects.

I caused a Notice of Proposed Amendments to be made and received submissions on the proposed amendments to be made up until March 9, 1992.

In order to respond to concerns raised during the review period, pursuant to condition 6 (b) on March 23, 1992, the approval for the use of the above document was extended until May 31, 1993, by notice in the Ontario Gazette. Accordingly, condition 6 (b) was amended to read:

6. (b) subject to condition 8, May 31, 1993.

In January 1993, the Municipal Engineers Association, on behalf of the proponents, submitted subsequent amendments to the above Class EA which incorporated concerns identified through the review process.

I caused a second Notice of Proposed Amendments to be made and received submissions on the subsequent amendments which were proposed to be made up until March 29, 1993.

TAKE NOTICE that the date for receipt by me of submissions of requests for a hearing relating to the above Class Environmental Assessment, provided for in the *Notice of Proposed Amendments*, dated February 2, 1993, expired on March 29, 1993. Although the Notice permitted them, I received no submissions requesting a hearing by that date. I do not consider it advisable to require a hearing.

Based on the submissions, I decided to amend the Class Environmental Assessment and extend the termination date of the original approval. I required the Class Environmental Assessment to be re-issued and this notice is to give notice that I accept the amendments to the Class Environmental Assessment. A copy of this document will be available in the public record file.

I approve the amendments to the Class Environmental Assessment for Municipal Road Projects, dated June, 1993.

TAKE NOTICE that I am extending the approval of this undertaking for an additional period so that condition 6 (b) shall now read:

6. (b) subject to condition 8, May 31, 1998.

#### Condition of Extension:

1. The Municipal Engineers Association, on behalf of the proponents, shall establish a monitoring programme to evaluate the effectiveness of the Class Environmental Assessment for Municipal Road Projects. The results of the monitoring programme shall be submitted to the Director of the Environmental Assessment Branch within three (3) years of the date of this extension.
2. The Municipal Engineers Association, on behalf of the proponents, shall submit a work plan and an Environmental Assessment Proposal for the preparation of the next generation of Municipal Class Environmental Assessment to the Director of the Environmental Assessment Branch. Within four (4) years following this approval, the proponents or the Municipal Engineers Association on behalf of the proponents, shall submit an environmental assessment for a new Class Environmental Assessment to the Minister for approval.

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. The applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, R.S.O. 1990, Chapter T.22, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7 (4) of the Truck Transportation Act, R.S.O. 1990, Chapter T.22.

**NOTE:** A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10 (1) of the Truck Transportation Act, R.S.O. 1990, Chapter T.22, and that the request is not frivolously made.

49 Le réservoir d'essence des karts est conçu et installé de façon qu'il ne puisse être endommagé en cas de capotage. Règl. de l'Ont. 348/93, art. 2, *en partie*.

## CONCEPTION DES PISTES DE KARTING

## 50 Les pistes de karting sont conformes aux normes suivantes :

- a) elles ont une surface dure et lisse;
- b) elles offrent assez d'adhérence pour permettre la conduite en toute sécurité des karts à la vitesse maximale et leur permettre de s'immobiliser à l'intérieur de la distance d'arrêt prescrite à l'article 45;
- c) elles n'ont pas d'ornières, de trous ni de bosses. Règl. de l'Ont. 348/93, art. 2, *en partie*.

51 Des lignes blanches ou jaunes d'au moins 100 millimètres de largeur marquent les côtés intérieur et extérieur des pistes de karting sauf si des barrières, construites conformément aux exigences du paragraphe 56 (4), sont installées le long des côtés intérieur et extérieur des pistes. Règl. de l'Ont. 348/93, art. 2, *en partie*.

52 Les pistes de karting sont fermées lorsque la visibilité y est inférieure à cinquante mètres. Règl. de l'Ont. 348/93, art. 2, *en partie*.

53 (1) Les pistes de karting sont équipées d'extincteurs à poudre ABC de 2,25 kilos chacun placés aux endroits indiqués au paragraphe (2).

(2) Les extincteurs sont installés à moins de soixante-dix mètres de chaque section de la piste de karting. Au moins un extincteur est placé dans l'aire de la fosse de réparation.

(3) Les extincteurs sont facilement accessibles et leur emplacement est clairement indiqué. Règl. de l'Ont. 348/93, art. 2, *en partie*.

54 Le ravitaillement des karts est effectué à un emplacement désigné, à l'écart des aires accessibles au public. Règl. de l'Ont. 348/93, art. 2, *en partie*.

## 55 (1) L'accotement des pistes de karting :

- a) d'une part, est au même niveau que les pistes de karting ou suit une pente d'une dénivellation maximale de 1:12 vers les pistes de karting ou dans la direction contraire;
- b) d'autre part, a une surface lisse et ferme qui s'étend sur au moins dix mètres à partir du côté des pistes de karting.

(2) Lorsque la piste de karting est munie de barrières de type fixe, les exigences du paragraphe (1) ne s'appliquent qu'à l'aire située entre le côté de la piste et les barrières.

(3) Les pistes de karting sont munies de barrières installées aux endroits suivants :

- a) le long du côté extérieur de toutes les courbes;
- b) entre la piste de karting et les obstacles ou les sources de danger situés à moins de dix mètres de la piste de karting;
- c) le long des côtés de la fosse de réparation qui ne servent pas d'entrée ni de sortie.

(4) Les barrières des pistes de karting sont conformes aux normes suivantes :

- a) elles sont construites de façon que les karts qui s'y heurtent à la vitesse maximale :

- b) elles sont conçues de façon à empêcher les karts de capoter ou de passer par-dessus ou par-dessous les barrières après les avoir heurtées;
- c) elles sont construites de matériaux qui ne s'enflamment pas facilement.

(5) Lorsque la barrière d'une piste de karting n'est pas de type fixe, elle est conçue de façon à ne pas empiéter sur une section de la piste de karting ni sur l'aire réservée aux spectateurs après avoir été heurtée par un kart. Règl. de l'Ont. 348/93, art. 2, *en partie*.

**56** (1) Les pistes de karting sont entourées d'une clôture d'au moins un mètre de hauteur pour empêcher les personnes qui n'ont pas reçu l'autorisation de la personne qui fait fonctionner l'attraction d'y avoir accès.

(2) Les barrières naturelles répondent aux exigences prévues au paragraphe (1) si elles fournissent le même degré de protection que la clôture exigée en vertu du paragraphe (1). Règl. de l'Ont. 348/93, art. 2, *en partie*.

#### PARTIE V GLISSOIRES AQUATIQUES

##### CONCEPTION

**68** (1) Les glissoires aquatiques sont conçues de façon que :

- a) la surface portante et la charpente puissent soutenir en toute sécurité le poids et la pression auxquels il est raisonnable de s'attendre que les glissoires aquatiques seront assujetties au cours de leur durée prévue;
- b) l'exposition aux conditions environnementales raisonnablement prévisibles dans la localité où les glissoires aquatiques sont montées n'aura pas d'incidence sur la résistance des matériaux

utilisés dans leur construction et celle des accessoires qui en font partie ou qui s'y rattachent;

- c) les surfaces externes des parties avec lesquelles les utilisateurs des glissoires aquatiques peuvent entrer en contact soient assemblées, arrangées et façonnées de manière à ne leur causer ni coupure, ni pincement, ni piqûre, ni écorchure;
- d) les surfaces avec lesquelles les utilisateurs des glissoires aquatiques peuvent entrer en contact soient inertes, exemptes de toxicité, lisses et faciles à nettoyer;
- e) la ventilation soit suffisante pour empêcher une concentration d'émanations toxiques provenant des désinfectants utilisés;
- f) les surfaces piétonnières des glissoires aquatiques et celles qui s'y rattachent, y compris leur entrée et leur sortie, soient antidérapantes et imperméables;
- g) leur zone de départ ait une telle longueur et une pente d'un tel angle que la personne quittant la zone de départ pour glisser dans la piscine d'arrivée ait le temps de quitter l'aire d'amerrissage avant l'arrivée de la personne suivante.

(2) Les pièces d'entreposage des produits chimiques ou des machines utilisés pour le fonctionnement des glissoires aquatiques sont protégées de façon à en interdire l'accès aux personnes non autorisées par le titulaire d'une licence.

(3) Les tapis et les appareils glissants utilisés sur une glissoire aquatique sont conformes aux normes suivantes :

- a) ils n'ont pas de coins tranchants ni de saillies;
- b) ils sont munis d'une surface glissante qui leur permet de glisser en douceur sur le canal de la glissoire aquatique;
- c) ils sont construits de façon que personne ne soit blessé par le tapis ou l'appareil glissant en cas d'impact avec ceux-ci.

(4) Les canaux des glissoires aquatiques sont conformes aux normes suivantes :

- a) ils sont relevés sur les côtés de façon que les personnes qui les utilisent demeurent en toute sécurité à l'intérieur du canal;
- b) ils sont conçus de façon que :
  - (i) la vitesse de la personne empruntant une courbe lui permette de garder un équilibre corporel sécuritaire;
  - (ii) les attaches des éléments du canal forment une surface continue et lisse;
  - (iii) les courbes et les tunnels ne constituent pas de danger pour les personnes qui heurtent les parois du canal ou le plafond d'un tunnel;
  - (iv) l'action continue et combinée des charges hydrostatiques, dynamiques et statiques, et la détérioration résultant des conditions environnementales raisonnablement prévisibles dans la localité où les glissoires aquatiques sont montées n'entraînent pas de défaillance de structure pouvant causer des blessures aux utilisateurs;
- (v) le canal se termine :

(A) à une profondeur d'au moins 150 millimètres sous le niveau d'eau admissible de la piscine d'arrivée,

(B) lorsqu'il est au niveau sur une distance d'au moins trois mètres mesurés à partir de la sortie du canal débouchant dans la piscine d'arrivée, à une hauteur d'au plus 50 millimètres au-dessus de la surface de l'eau de la piscine d'arrivée,

(vi) les changements marquant la pente du canal ne causent pas de blessures aux utilisateurs.

(5) Le sous-alinéa (4) b) (v) ne s'applique pas lorsque la conception de la portion d'aboutissement de la glissoire aquatique par rapport à la piscine d'arrivée ne constitue aucun danger pour les utilisateurs.

(6) La quantité d'eau coulant dans le canal de la glissoire aquatique doit être suffisante pour permettre aux utilisateurs d'avancer sur le canal sur toute sa longueur à une vitesse qui ne constituera aucun danger pour eux.

(7) Les piscines d'arrivée des glissoires aquatiques sont conformes aux normes suivantes :

- a) elles sont d'une longueur, d'une largeur et d'une profondeur suffisantes pour empêcher les personnes plongeant dans la piscine d'arrivée à partir du canal de heurter les parois ou le fond de la piscine d'arrivée, les sorties de canal adjacentes ou les autres personnes qui parviennent à la piscine d'arrivée;
- b) elles sont équipées d'un système de circulation de l'eau dont les arrivées, selon le cas :
  - (i) ont une dimension qui ne crée pas une pression d'admission qui puisse constituer un danger pour les utilisateurs,
  - (ii) sont placées à un endroit inaccessible aux utilisateurs,
  - (iii) sont protégées par un dispositif placé devant l'arrivée de façon à empêcher les utilisateurs d'être aspirés par l'arrivée;
- c) elles sont conçues de façon qu'il y ait interruption automatique du fonctionnement de la glissoire aquatique en cas de baisse du niveau d'eau de la piscine d'arrivée sous le niveau minimal requis pour le fonctionnement sécuritaire. Règl. de l'Ont. 348/93, art. 2, *en partie*.

#### FONCTIONNEMENT

**69** (1) L'aire de la partie supérieure des glissoires aquatiques est surveillée par au moins un préposé au fonctionnement duquel relève la surveillance continue et directe de cette aire et auquel il incombe, à la fois :

- a) de veiller à ce que les utilisateurs se comportent de façon disciplinée, ne courent pas et ne se comportent pas de façon imprudente dans la partie supérieure des canaux ou dans l'aire de départ, et que les personnes entrent dans la zone de départ et la quittent à des intervalles sécuritaires;
- b) de surveiller toutes les aires de la glissoire aquatique, à l'exception de l'aire de la piscine d'arrivée, qui sont visibles à partir de son poste.

(2) L'aire de la piscine d'arrivée est surveillée par au moins un préposé au fonctionnement qui est un sauveteur duquel relève la surveillance continue et directe de cette aire et auquel il incombe de veiller à ce que les utilisateurs de la glissoire aquatique, à la fois :

- a) entrent dans la piscine d'arrivée et en sortent rapidement et de façon disciplinée;
- b) se comportent de façon disciplinée, ne courent pas et ne se comportent pas de façon imprudente dans la partie inférieure des canaux, dans la piscine d'arrivée ou sur la plage. Règl. de l'Ont. 348/93, art. 2, *en partie*.

**70** Les glissoires aquatiques sont équipées d'un système électronique ou à pile de communication à fréquences vocales reliant le préposé au fonctionnement qui surveille la piscine d'arrivée et celui qui surveille la partie supérieure. Règl. de l'Ont. 348/93, art. 2, *en partie*.

**71** Les glissoires aquatiques font l'objet d'une inspection quotidienne conformément aux exigences de l'article 12, laquelle :

- a) atteste l'absence de danger avant que l'eau ne commence à circuler;
- b) atteste, pendant que l'eau circule, que l'équipement de pompage et l'équipement de filtration fonctionnent correctement et que, aux fins du fonctionnement sécuritaire de la glissoire aquatique, à la fois :
  - (i) le niveau de l'eau dans la piscine d'arrivée est adéquat,
  - (ii) une quantité d'eau suffisante coule dans les canaux. Règl. de l'Ont. 348/93, art. 2, *en partie*.

72 Une affiche est installée à l'entrée de la glissoire aquatique, indiquant les règles et les instructions suivantes :

1. Il faut obéir aux ordres du préposé au fonctionnement et de la personne qui fait fonctionner l'attraction.
2. Il est interdit de plonger, de courir, de se lever, de se mettre à genoux, de pivoter ou de s'immobiliser sur le canal.
3. Il faut garder les mains à l'intérieur du canal.
4. Il faut quitter la piscine d'arrivée rapidement.
5. Il est interdit d'apporter des verres, des bouteilles ou des aliments dans l'aire de la glissoire aquatique. Règl. de l'Ont. 348/93, art. 2, *en partie*.

**ONTARIO REGULATION 393/93**made under the  
**ENVIRONMENTAL ASSESSMENT ACT**Approved: June 24, 1993  
Filed: June 30, 1993**EXEMPTION—THE REGIONAL MUNICIPALITY OF  
SUDBURY—SUDB-RG-1**

Having received a request from The Regional Municipality of Sudbury (the "Proponent") that an undertaking, namely:

operating and closing the Sudbury Landfill Site at lots 7, 8 and 9, Concession 4, Township of Neelon, City of Sudbury, Regional Municipality of Sudbury, including placing additional domestic, commercial and non-hazardous solid industrial waste from the whole of The Regional Municipality of Sudbury and the acquisition of additional lands as an interim measure,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Proponent that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The continued operation of the existing landfill is clearly an interim measure for which there are no other reasonable waste management alternatives which can be implemented within the necessary time frame.
- B. The other alternatives which have been investigated do not provide adequate capacity for the Proponent's waste, pending commissioning of a facility through the Proponent's long-term waste management program.
- C. A mandatory public hearing under Part V of the *Environmental Protection Act* for approval of the continued operation and interim expansion will be held, thereby permitting the public and government agencies the opportunity to review the proposed changes to the site.
- D. It is the intention of the Proponent that the proposed long-term waste management program of The Regional Municipality of Sudbury be pursued in accordance with applicable legislation and the Proponent expects that sufficient elements of the program will be implemented prior to the conclusion of the exempt undertaking so that the Proponent will not have to seek further approvals for the landfill waste disposal site prior to completion of the long-term waste management program.
- E. This undertaking will facilitate the proper closure of any other site within The Regional Municipality of Sudbury should an emergency situation arise causing any of these sites to not have approved capacity available for use.

This exemption is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.
2. Where any activity which is the subject of this order is being

The above-mentioned lands may be amended as a result of the hearing under Part V of the *Environmental Protection Act*.

unless an environmental assessment application for an approval for an undertaking which meets the requirements of the Act and which includes a waste disposal site proposed for use for waste from the Proponent has been submitted to the Minister under the Act, in which case, no waste shall be disposed of by the Proponent pursuant to this order more than one year after a decision is made under the Act to approve or not approve the undertaking.

5. No later than October, 1993, the Proponent shall have hired a consultant to assist with preparation of the Waste Management Plan for the Proponent, and shall have established a Steering Committee. No later than October, 1993, the Steering Committee shall adopt a Ministry approved Waste Management Plan terms of reference and proceed to implement the terms of reference and the Waste Management Plan that is prepared according to those terms of reference.
6. This annual report shall outline the Proponent's progress in implementing the Waste Management Plan terms of reference, including how the proponent will continue to meet the terms of reference for the Waste Management Plan. The Proponent may cease filing such reports after the site ceases to be operated pursuant to this exemption and the Director of the Environmental Assessment Branch, Ministry of Environment and Energy has advised the Proponent in writing that further reports are not required pursuant to this condition.

7. No later than the sixth month of the fourth year of the Provisional Certificate of Approval for the waste disposal site issued for the purpose of this order, the Proponent will submit a contingency plan to be implemented if the long-term waste disposal solution is not available at the conclusion of interim expansion.
